

# INVITATION

*Inaugural lecture*

**The name Henrik Vibskov is most commonly associated not only with a fashion label, but a multitude of twisted yet tantalising universes created in relation to each collection.**

As a fashion designer, Henrik Vibskov has produced over 26 mens (and later also women's) collections since he graduated from Central St. Martins in 2001, and he is currently the only Scandinavian designer on the official show schedule of the Paris Men's Fashion Week, which he has been since January 2003. At the talk, HV reflects on his design-thinking and design-process vs cultural background.
